

Symposium

Everything is under control

**Blauwe Zaal & Senaatszaal/Voorhof, Auditorium,
Eindhoven University of Technology
Friday, March 6, 2020**

Preceding the inaugural lecture of Prof.dr.ir. Marcel Heertjes, you are cordially invited to attend a symposium entitled 'Everything is under control'.

PROGRAM

- 13:00** **Welcome and coffee**
- 13:20** **Opening by symposium chair**
Henk Nijmeijer
Professor and chair of the Dynamics and Control group at TU/e
- 13:30** **Data-based control of industrial motion systems**
Dragan Kostić
Senior Technology Development Manager Mechatronics at ASM Pacific Technology Ltd.
- 14:00** **Did we beat Bode Sensitivity?**
Maarten Steinbuch
Distinguished University Professor in Systems and Control and chair of the Control Systems Technology group at TU/e
- 14:30** **Convergent nonlinear systems:
time and frequency domain analysis**
Alexey Pavlov
Professor in Petroleum Cybernetics at NTNU

Please turn over

15:00 **Coffee/tea in the Auditorium**

16:00 **Inaugural lecture 'Everything is under control'
(oration will be delivered in English)**

Marcel Heertjes

*Professor in Industrial Nonlinear Control for High-Precision
Systems at TU/e and principle competence engineer at ASML*

TU/e

**EINDHOVEN
UNIVERSITY OF
TECHNOLOGY**

Attendance is free of charge, but registration is required. You may register by sending an e-mail notification to Ms. Roos van Otterdijk (r.v.otterdijk@tue.nl) from secretarial office CST. Registration closes on March 2, 2020.
